

INJUNCTION ISSUED BY FEDERAL COURT

MOST SERIOUS STRIKE SINCE THE
ONE IN CHICAGO ELEVEN
YEARS AGO.

Three Thousand Out and More to Follow—Trouble Expected—Injunction a Big Surprise.

(Bulletin.)

Chicago, April 28.—United States Circuit Judge Kohlsaat at 11 o'clock this morning, upon presentation of the Employers' Teaming company, a West Virginia corporation, granted a temporary injunction against the strikers. This injunction is the most surprising ever granted in a Chicago strike. The order is temporary, but will doubtless be made permanent as soon as the evidence can be produced in court. All the labor unions that have taken part in the strike are included in the order. Col. Witell, commanding at Fort Sheridan, declares there is a slight chance that the troops stationed at post would be called upon to do strike duty. There are 400 men at Fort Sheridan.

Chicago, April 28.—The teamsters' strike assumed alarming proportions today. Assistant Chief of Police Schuetler took personal command of 500 patrolmen detailed for strike duty this morning, and Chief O'Neill prepared for unusual disturbances when the delivery of freight to and from State street firms, against whom the unions have declared war begins. Every member of the police force has been ordered to be ready for immediate service. The chief says the whole strength of 2700 officers and men can be thrown in to the strike district within a short time.

With the 500 officers on duty 500 private detectives also worked.

Business of the city may be completely paralyzed by the probable calling out of 25,000 union drivers. Nearly 3,000 are now out and 10,000 more are expected. The big wholesale and retail firms have pooled a big defense fund and have declared war in earnest. Armed guards sit on the wagons and the strike district is heavily patrolled. Strike sympathizers attempted many blockades this morning, but their efforts, were mostly futile. A colored non-union teamster was beaten almost to death by a mob in a riot at the Forbes Cartage company stables. Non-union teamsters were jeered at and pelted with small missiles. George O'Connell, express wagon guard, was severely beaten by union teamsters today.

Chicago is facing the most dangerous labor disturbance since the Debs strike of eleven years ago, if not the most serious in its history. The business of the city already partly paralyzed, may soon be completely enveloped so far as it is dependent upon teaming by the greatest teamsters' strike on record.

Gathering war speedily, the strike has spread in flashes. The limits of its expansion no one professes to foresee. By next Monday morning, perhaps before that time, all of the 25,000 union drivers who handle so important a part of the city's traffic may be involved.

The employers expect to apply to the United States courts tomorrow for a blanket injunction. The state court order protecting the business of Montgomery Ward & Co., lacks the force that is needed.

"Strike Breaker" Farley is expected from New York by the end of the week. Union leaders declare that the conflict has got beyond their control even if they should desire to limit it. The leading merchants and business men, too realized their impotency to check its spread. They simply assembled all the resources in their power and prepared to meet the attack and to escape with it.

The big department stores on State street are at the mercy of the strikers. Already eight of the largest institutions there have been caught in the whirlpool.

Before noon today the entire strike district was patrolled by policemen with drawn clubs, while officers watched the vicinity of the stables and wagon sheds to prevent strikers from firing them or assaulting non-union helpers employed to fill the places of the strikers. Five hundred private detectives from the agencies augmented the force of 500 patrolmen. Armed guards sitting on express wagons with shotguns and rifles across their knees were ready to defend their charges. Scores of wagons escorted by squads of police and detectives moved through downtown streets with difficulty. Even the formidable array of weapons and officers did not prevent strike sympathizers from blockading the course of wagons driven by non-union men. Most of the teamsters at work in the strikers' places are negroes.

The express business practically is at a standstill. The seven big companies are left with a few scattering drivers to man the 500 wagons used daily to carry on the immense express traffic of the city.

Violence and rioting are expected as certain accompaniments of the strike. The leaders in the employers' association are as determined to "unmake"

the teamsters' union as the strike leaders were to build their power to greater heights out of the struggle. "Since it has come," is the general comment, "let us have it out now and forever."

GAYNOR AND GREEN'S CASE.
Montreal, April 28.—John F. Gaynor and Benj. D. Greene, wanted in the United States for the theft of \$2,600,000 from the government in the Savannah harbor frauds, will have to defend themselves or they will be committed for extradition. Judge Lafontaine this morning decided that a case has been made out against the accused and announced he was ready to hear their defense. The extradition may be long delayed.

SPECULATION RIFE

As to Intention of Rojstevsky—Last Reports at Tokyo Are Very Conflicting.

Tokyo, April 28.—The last Japanese reports are conflicting and confusing. They do not indicate definitely the purpose of Admiral Rojstevsky, but it is evidently the intention of the Russian admiral to await a junction with the division commanded by Admiral Nebogotoff, which increases the probability of his intention to give Admiral Togo a decisive battle. It is assumed that Rojstevsky will bring all the ships and guns possible into action if he intends to fight decisively or that he will detach and abandon his slow, cumbersome and useless ships if he intends to run the gauntlet at Vladivostok. It is believed that the location and date of the engagement will depend entirely on Rojstevsky.

Fighting in Manchuria.
London, April 28.—The news of the resumption of fighting in Manchuria is supposed here to show that the Japanese have decided not to await the issue of the impending naval contest, but to utilize the few weeks intervening between the drying up of the roads and the arrival of the summer rains in June for the resumption of the land campaign. The completion of the railway to Mukden will greatly simplify Field Marshal Oyama's task of provisioning his vast army and will thus facilitate the renewal of hostilities. No further news has been received of either Rojstevsky's or Nebogotoff's squadrons.

Linevitch's Dispatch.
St. Petersburg, April 28.—General Linevitch, in a telegram to the emperor dated April 26, reports a three-hour fight April 23 near Tsinzintoun, the Russian cavalry forcing the Japanese to retreat.

WOMEN

Who Dance Are Not Virtuous, Declared the Pastor, and a Girl Caused His Arrest.

Urbana, O., April 28.—Rev. Warren Wiant was arrested yesterday at the home of his father at King's Creek by Chief of Police McGee and brought to this city.

The arrest follows the charges made by the minister against women who dance while preaching in Christiansburg several weeks ago.

In his effort to denounce all things worldly, from his pulpit in the Methodist church, the pastor has stirred the community to its depths. Among other things it is alleged, he declared that women who dance are not virtuous women. Thereupon Miss Dora Shaffer, a member of the church, had the affair taken up by the church board. In the presence of the board the minister repeated his charge, and the pretty church girl swore out a warrant against him for slander.

Miss Shaffer says that she will prove in the courts that dancing is no vice.

Mayor Johnson will hear the case next Wednesday. Rev. Wiant gave bond for his appearance.

KEEP AWAY FROM PANAMA.

Chicago, April 28.—"Could I reach the ear of every young man who contemplates going now to Panama to work for the government I would say to him 'For God's sake do not go.' I have seen enough of conditions there to warrant such advice." This is the statement of A. L. Rhombert, a resident of Dubuque, Iowa, who has just returned from the isthmus.

CHILDREN AND CHICAGO FLATS.

Chicago, April 28.—Alderman Ruston is preparing to introduce an ordinance which he says will do away with the banishment of children from flat buildings. It provides that for refusal to admit families with children flat building owners shall be punished with a fine of not less than \$5 or more than \$100.

ACTRESS' SISTER MRS. JULIA SMITH

IS GIVEN A RIGID EXAMINATION
IN THE NAN PATTERSON
TRIAL TODAY.

Rand Offered to Have Indictment Quashed if She Would Answer His Question.

New York, April 28.—In Nan Patterson's trial today Mrs. Julia Smith, the defendant's sister, was subjected to a severe examination. She reiterated that Nan Patterson expected Bookmaker Young to marry her. A dramatic moment of the trial came when Mrs. Smith testified that neither she nor her husband, J. Morgan Smith, bought the revolver with which Young was killed. "Now," said Rand, "you had in your possession all this information June 8, when you were subpoenaed to appear before the grand jury." (The Smiths had fled at this time).

"I must decline on the advice of counsel to answer questions on that line on the grounds that it might incriminate me," replied Mrs. Smith.

"Now, Mrs. Smith, if you will answer this question I will put to you, I will on Monday appear before the court and ask for the dismissal of the indictment against you."

Mrs. Smith said she would first like to consult with counsel and Attorney Limburger, her lawyer, was sent for. Mrs. Smith, after a few minutes' conference with her counsel, in reply to Rand's offer said: "I refuse."

Rand endeavored to get Mrs. Smith to testify concerning her movements after leaving New York. She told of learning that Pawnbroker Stern, who sold the revolver was in Toronto in March. Letters written by Mrs. Smith to her husband and found in Smith's trunk in Cincinnati were offered by Rand, who told the court they were material as showing that the Smiths fled from Toronto when they heard Stern was there, fearing he would identify them. The court admonished the jury to give no regard to the arguments concerning the letters. Mrs. Smith refused to answer questions concerning the letters.

Court Rules Out Letters.

New York, April 28.—Mrs. Margaret Young, widow of Caesar Young, was on the stand in the trial of Nan Patterson, and as she testified her eyes would fill with tears. Nan Patterson dropped her eyes when she saw the widow. Josiah D. Miller, Young's partner, was another witness, and told of the relations between Young and Nan Patterson. The prosecution endeavored to introduce in evidence a letter purporting to show that Miss Patterson had other admirers at the time she professed to be devoted to Young. This letter, however, was not admitted as evidence. The letter that Mrs. J. Morgan Smith, sister of the defendant, wrote to Caesar Young, in which she said Miss Patterson was "frantic," and which was admitted at the previous trial, was also ruled out. The conspiracy charge against the Smiths was based on the letter.

Denial of the Charges Affecting his Official Integrity While Minister at Caracas was Made by Minister Loomis, the Acting Secretary of State, in a Statement Given out by him at his Residence. The Statement Briefly but Emphatically Denies in Detail and in Totality Each and Every Charge. Mr. Loomis Says: "I never asked nor received, directly or indirectly, in any manner or form, any money or property or other thing of value or any promise or suggestion thereof from the New York and Bermudez company or from any one acting in its interest or behalf. On my final departure from Venezuela as minister, I had money in a bank in Caracas. I wished to convert my Venezuelan money into United States money, and I exchanged checks at the posted United States government rates with the manager of the New York and Bermudez company at Caracas, my check to the company calling for Venezuelan money and his check to me calling for United States money. It was a simple business transaction. The preposterous nature of this charge affecting my official integrity is shown by the fact that whatever I did and all I did in giving my official support as United States minister to the New York and Bermudez company was done in obedience to instructions from the secretary of state, and was approved by him after full reports of the entire controversy from its inception."

York, Pa., April 28.—In the wreck of a Northern Central passenger train this morning caused by a misplaced switch, thirteen persons were hurt. No one was fatally hurt.

INDIANA POSTOFFICE ROBBED.

Columbus, Ind., April 28.—The post office at Waxmanville was robbed by burglars this morning, and about \$500 in cash and checks taken.

FOUR THOUSAND ARE KILLED IN ATTACK ON CONGO MISSION

Marseilles, France, April 28.—A mail report just arrived from Congo states that 8,000 natives, armed with rapid fire guns, attacked Capt. Averis' mission and that only the captain and six soldiers escaped after a heroic defense. Of the 8,000 natives who participated in the attack, 4,000 were killed.

SOON TO RETURN

THE PRESIDENT'S VACATION HAS BEEN CURTAILED.

State Matters Need Attention—Changes Contemplated in Venezuela and Other Countries.

Glenwood Springs, Col., April 28.—Secretary Loomis today maintains a sphinx-like attitude as to the reason for the president's cutting short his hunting trip. Whatever the reason, however, it was serious enough to keep the secretary and his office force busy last night after Loomis' return from camp. Long dispatches were sent out, presumably to Washington.

Washington, April 28.—President Roosevelt will break camp in Colorado May 8, a week earlier than he had intended, and will start for Washington at once. The only stops he will make will be at Denver and Chicago, where the dates for his reception have been advanced to meet the new arrangement. Secretary Taft displayed no surprise when he learned of the president's plan to leave Colorado May 8, for it was known to him before the president left Washington that he was very doubtful of his ability to carry out his wish to remain in the hunting country until the middle of May. The president told Secretary Taft that he feared he could not remain longer than May and he consequently had formed an alternative program, based on that belief. There is no pressing emergency here requiring the immediate presence of the president. All of the facts relative to the Venezuelan situation have been disclosed to the public, and in the opinion of the officials here they do not justify any apprehension of a rupture in the immediate future. President Castro is making a tour of the interior of Venezuela in places inaccessible to the telegraph, and no instructions have been sent to Minister Bowen to make a further presentment to the Venezuelan foreign office, which might cause a crisis.

A change is contemplated soon in the American ministrs in Venezuela, Panama, Colombia and Chile, with the purpose of relieving the tension which now exists at the capitals of some of those countries. It is believed by a proper re-arrangement of this kind and transfer of officials the relations between the Washington government and the governments of some of the countries named can be made closer and the conduct of business facilitated.

Loomis' Denial.
Denial of the charges affecting his official integrity while minister at Caracas was made by Minister Loomis, the acting secretary of state, in a statement given out by him at his residence. The statement briefly but emphatically denies in detail and in totality each and every charge. On my final departure from Venezuela as minister, I had money in a bank in Caracas. Weston who is known as "Cowboy" and "Fancy Roper Weston" was formerly with Pawnee Bill's circus and struck town Monday. He was watching two good pool players at the game and was invited to take a cue. He did and ran off 14 balls with ease. One of the other players offered to bet him \$15 to \$1 that he could not repeat the performance. Weston never said a word but put up \$1. The other was "game" and put up his \$15. He lost.

These People Were Married Though More Than 2500 Miles Apart—Two Ministers Officiated.

Bowling Green, Ky., April 28.—Although separated from each other by 2,000 miles, Mary C. Slaughter of this city, and James C. Murrell of Ft. MacKenzie, Wyo., were married last night through the medium of the Western Union Telegraph company. A minister was at each end of the telegraph line. The bride was attired in the usual white veil and corresponding wedding costume, and the ceremony from the Bowling Green end was attended by a number of friends of the couple and many curious people.

Murrell is quartermaster sergeant of the Tenth cavalry. His regiment will leave in a few days for the Philippine Islands. Murrell probably has gone three years. Sergeant Murrell wanted his bride to come to the fort and be married, but the woman preferred to wed here before risking a trip to Ft. MacKenzie and then to the Philippines.

This is the second marriage Manager Causey of the telegraph company, has lately assisted in performing when the bride and groom were miles apart.

LESSON FOR FARMERS

In the Methods Employed in Africa to Make Crops—Reports from Mr. Kearney.

Washington, April 28.—Secretary Wilson of the department of agriculture sees a valuable lesson for American farmers in the methods employed in Africa to make crops. "I have just received a report from T. H. Kearney of the bureau of plant industry," he said, "which shows that abundant crops of olives are produced on the coast of southern Tunisia, Africa, without irrigation and where the rainfall is only six inches, by planting the trees 80 feet apart, cultivating all of the soil and allowing no other crops to absorb the moisture. This lesson may be applied to the growth of anything in the arid regions. The date palm is grown in Africa by planting it in basins surrounded by sand dunes. The roots soon find their way to ground water and the trees grow to enormous size."

Lexington, Ky., April 28.—At the close of his testimony Judge James Hargis asked the court to allow him to make a statement to the jury. His counsel objected, but the court allowed the statement. At this point the statement was interrupted by the assertion that the statement was false.

ONIONS

To-Make His Eyes Water Prescribed For the Man Who Was Losing His Sight.

St. Paul, Minn., April 28.—Arthur Klemenz, who claims to be a physician, was in police court yesterday on the charge of practicing medicine without a license.

The complaint was sworn to by L. S. Jackson, who alleges that on December 15, 1904, Klemenz prescribed for him certain drugs and medicine, as which time he had no license to practice.

Klemenz is now out on \$100 bail on the charge of attending Otto Kayser and prescribing medicine for a youth who was suffering from and afterward died of diphtheria.

Jackson said he was troubled for months with an ailment of the eyes. He was slowly losing his eyesight, and last fall visited Klemenz, who prescribed certain medicine. About the last time Jackson called on Klemenz for treatment, the "doctor" advised Jackson to eat raw onions several times a day, on the theory that consumption of the vegetable would cause his eyes to water freely and effect a cure.

Besides the receiver, the bill asked that an accounting be had between the policy-holders and the directors and stockholders of the defendant corporation for the purpose of ascertaining the surplus and profits, and the court is also asked to order a distribution of this sum among the policy-holders. An accounting, too, is asked of James H. A request is also made for the appointment of a temporary receiver, to take immediate charge of the affairs of the company.

Her Son Cyrus Marple Near
Vanatta, Aged 88.

Vanatta, O., April 28.—Mrs. Eliza Marple, one of the oldest residents of this township, died Friday morning at the home of her son Cyrus Marple, near this village. Her death occurred at 7:30 o'clock after an illness of but three weeks. Dropsy with complications resulting from old age was the cause of her death.

Mrs. Marple was 88 years old and until three weeks before her death was able to be around the house and take care of her own room. She was born in Virginia but came to Ohio, locating in Perry county when but 18 years old. A few years later she removed to near Vanatta where she has since resided.

She is the last of a large family of children and her husband preceded her to the Great Beyond several years ago. Only two children out of seven born to the union survive her: Cyrus Marple, at whose home she died, and Mrs. Amy Wilson, who lives in Missouri.

She was a devout member of the Lutheran church and the funeral services will be conducted by Rev. Luther E. Spaid of the Newark church. The services will be held Sunday morning at 11 o'clock and the remains will be buried here.

MRS. ELLEN MOORE.

Mrs. Ellen Moore, widow of the late John Moore, died at the home of her daughter, Mrs. John McNally, 412 North Fourth street, Friday morning after an illness of several weeks with gastritis, although she had been in failing health for a number of years. The deceased was aged about 62 years, and was an estimable woman. She formerly resided in Mason, West Virginia, but came here with her daughter, Mrs. McNally, about eight years ago and has resided here ever since. Five children survive her, being Thomas Moore of Sewell, W. Va.; Mrs. Ellen Hoban, Cincinnati; Mrs. J. F. Riley and Mrs. T. P. Halloran, Clifton Ford, Va.; and Mrs. John McNally and Mrs. Mrs. John Kennedy of this city. The remains will be taken to Mason City, W. Va., at 7:50 a. m. Saturday.

FEAR OF RIOT SUBSIDING.

St. Petersburg, April 28.—The new paper scare over possible rioting on May day is now subsiding. The proclamation issued by Gov. General Trepoif, stating that the Government authorities have no fear of riotous actions, in that day, and when has been placated throughout the city, has had a quieting effect.

IN GAS FIELD

Bell Well is Light—Utica Enterprise
Company to Drill—Other Develop-
ments of Week.

(Utica Herald.)

The Pipes well in Harrison town-
ship, Knox county, came in light—less
than a million. It was given a shot
last week and is reported good for
better than three millions.

Fourteen cars of ten inch pipe are
being unloaded at Danville for the
Mohican company's line to Wooster
and Barberton to connect with the
Eastern Ohio gas line running into
Akron and Cleveland.

The Mack well, north of Danville in
Jefferson township, came in as a gas
well good for a million and a half.
This is the first gasser so far in that
vicinity, the other two being oil wells.

Kinsey & Son have been given a
contract to drill for the Columbus,
Buckeye Lake and Newark traction
company, in front of their power house
in Hebron.

The Utica Enterprise company has
not yet organized by the election of
officers, but it is getting to business
promptly in order to avoid forfeiture
of a lease which will hold but a short
time unless a well is drilled on it. Mr.
Kirkpatrick says that the company
had let a contract with Irick & Twigg
for drilling a well on the Rose Wilson
land west of the railroad and south of
the Blacksnake road. The location
chosen is about 800 feet almost direct-
ly south of the Harrison Bell well
which came in light last Saturday.

The rig is to be removed in from
Knowlton's Denty farm in a few days.
The Central Ohio company's well on
the Harrison Bell land at the south-
east edge of Utica came in last Friday
night. In the top half of the sand the
showing was good and indications
were that the well would be in the
two-million class, but there was little
if any increase as the drill went fur-
ther down. When it was completed
with 22 feet of sand it showed only
about three-quarters of a million of
gas. It was tubed and shut in on
Saturday, it being good enough to

make a paying well. The small vol-
ume was a great disappointment be-
cause of the depressing effect it will
have on the lands further southeast,
but the amount and character of the
sand is such that it does not by any
means condemn that part of the ter-
ritory. The Enterprise company is not
afraid to spend a couple of thousands
of dollars in drilling 800 feet further
south.

Going out of carpet business. Entire
stock being sold out at cost.

LANCASTER

Is After Barberton Lumber and Manu-
facturing Plant—Board of Trade
Takes Action.

Lancaster, O., April 28—The board of
directors of the board of trade are in
consultation over the matter of secur-
ing the location here of the Clark Lum-
ber and Manufacturing company, of
Barberton, O.

It is understood that the company
desires a site of about three acres, but
could get along with less. They also
say they will need a main building of
80x200 feet dimensions.

While it is not known just what the
company will expect or require as a
sufficient inducement for its location
here, it is not at all unlikely that the
board of trade will guarantee the com-
pany a site and possibly erect the
building for them, retaining the title
to the real estate in case the company
should for any unforeseen reason vac-
ate the property at any time in the fu-
ture.

The matter will be further taken up
with Mr. Clark and the propositions
of the board laid before him.
